Product novelties: Champagne box & spoons with special messages

With its two new products Robbe & Berking makes the beautiful and important moments in life unforgettable

Champagne Box

Since 1874, the silversmiths from the manufactory in Flensburg add a special sparkle to life. In pure handicraft and with products of such timeless beauty that they become real family members. The silver does not belong in a drawer, but where life takes place: on the table, the sideboard, the picnic blanket, the bar trolley. After the cutlery box, which celebrated its premiere at the beginning of the Covid-19 pandemic, Robbe & Berking's Champagne Box now follows. A true centrepiece that sets accents in any setting. Four Robbe & Berking champagne flutes float in the box with softly curved facets that reflect the light a hundredfold. The box and goblets offer champagne and every special moment, the stage they deserve. Mauro Colagreco, whose restaurant Mirazur was voted the best restaurant in the world in 2019, sums it up: "Timeless, noble and quite trendy".

Spoons with special messages

Special moments often require special messages. The silver wedding anniversary as well as the graduation of the godchild, the beginning of a new phase of life as well as the recovery after a long illness. Messages to people who are important to you and messages which should not get lost in the flood of emails and WhatsApp messages. Robbe & Berking is now turning its spoons into ambassadors of just such messages. Engraved in the mouthpiece of the spoon or on the back of the spoon handle, the recipient will think about this message at every meal for a lifetime.

Robbe & Berking World:

Silver is a metal whose beauty has fascinated people for thousands of years. Throughout all cultural epochs, this highly lustrous metal has inspired artists to create something everlasting. Today, the pieces of the **silver manufactory Robbe & Berking** (www.robbeberking.com) are considered by connoisseurs all over the world as unsurpassed masterpieces of silversmithing and are a synonym for highest quality made in Germany. The silver manufacturer Robbe & Berking is a family business founded in 1874, now run by the fifth generation. To this day, it is the silversmith's hand alone that determines the quality of each piece and not the limited possibilities of rational mass production. This has made the manufactory the largest producer of silver cutlery in the world. The collection consists of over 4,000 silver and silver-plated pieces, which are used to furnish restaurants, hotels, residences and embassies, cruise ships, aircrafts, private yachts and much more all over the world, in addition to private households. In more than half of the world's 200 largest private yachts, silver from Flensburg can be found on the tables.

In 2008, the shipyard **Robbe & Berking Classics** (www.classic-yachts.com) was founded, which today includes a yacht broker, its own **Robbe & Berking Museum** and the world's largest yachting library with almost 10,000 antiquarian books and magazines. Since its foundation, more than 10,000 lovers of classic yachts have been welcomed at Robbe & Berking Classics. The shipyard already rescued several famous racing yachts in the metre classes and either restored or rebuilt them. Researching lost yachts and their original construction plans is one of the important tasks. At the same time, the shipyard also builds newly designed yachts – cruisers, racing yachts, motor boats, tenders and dinghies.
